

Get an instant incentive in three simple steps.

INSTANT REBATES AVAILABLE FOR HIGH-EFFICIENCY COMMERCIAL FOODSERVICE EQUIPMENT – NO WAITING, NO PAPERWORK!

Save up to \$1,500 per unit on commercial foodservice equipment.

Rocky Mountain Power is partnering with dealers to offer savings on high-efficiency foodservice equipment installed in the Rocky Mountain Power Utah service area. Using energy-efficient foodservice equipment can lower energy and water use. Start saving now!

How to Participate:

1. Select eligible equipment

Work with your dealer to identify the qualifying equipment that best meets your needs.

2. Complete your purchase

Confirm that your equipment will be installed at a facility that receives electric service from Rocky Mountain Power.

3. Receive your instant rebate

The rebate will be applied as a discount on your invoice.

Eligibility Requirements:

If you are upgrading your facility or replacing foodservice equipment, you may be eligible to receive instant rebates.

If the project is a [multifamily project](#) or is participating in the [Whole Building new construction and major renovation program](#), it does not qualify for midstream incentives. Equipment must be installed in a non-residential location that receives electric service from Rocky Mountain Power.

Participating Dealers:

Find an approved dealer using our **Find a Contractor** tool.

Qualifying Foodservice Equipment:

Many makes and models of electric foodservice equipment qualify for rebates. For the full list of eligible equipment, visit [Rocky Mountain Power's website](#).
